

Thank you for choosing a
Scrapbook.com Gift Certificate
as the perfect gift!

During checkout, while you are placing your order, you'll be asked to provide the "recipient's" email address. **(If you'd prefer to use the gift certificate and gift card templates below, please enter your email address as the "recipient" so you receive the code.)** If you enter the email address of the person you'd like to give the gift certificate/gift card to, it will automatically be sent to them via email.

After checkout, if you've entered your email address in the "recipient" email field, you'll also receive an email with the gift certificate/gift card code. This code begins with the @ symbol and must be entered at checkout using all caps, as it is case-sensitive. Please note: the gift code is different from your order number. The gift code will be found in the body of the email, in all caps, and begins with the @ symbol.

The best way to present your gift certificate (recommended) is to highlight the code from the email, right click and copy it, return to this PDF and select the text field where the code is to be entered. Once you've selected the text field, right click and paste the code, including the @ symbol. (or type it in if you cannot paste it).

If you choose to handwrite the code on the gift certificate/gift card (not recommended), please print very legibly. Be sure to enter the @ symbol first, use all caps, and consider crossing the number zero and the letter "zee" so they are not confused with the letter "oh" (O) and the number two (2). Likewise, you may also want to cross your sevens so they are not mistaken for ones or "i's" (eyes) and be sure to distinguish your "i's" from your "ells."

Print your gift card/certificate on photo paper, or cardstock for a professional look. Choose from the gift card or gift certificate below, and then carefully cut out.

The gift *card* will fit neatly in the recipient's wallet, and the gift *certificate* is great for mailing, and will fit in a standard business policy envelope.

scrapbook.com
SUPERSTORE
your favorite products... just a click away

To: _____

From, _____
